RE: COOL ICE AIRCONS (Pty) Ltd

Cool Ice Aircons (Pty) Ltd have recently installed an air-con unit in our office, they also serviced all the other air-cons in our offices.

We enjoyed the experience of using their service. The work was done neatly, clean and quickly and we had no disruption while it took place.

I can recommend them to any similar work.

Each business has its own little issues: slow computers, clashing personalities, production lines that's not quite productive- the list goes on... Add some heat to the mix, and you'll probably have a riot on your hands!

Luckily the guys at Cool Ice Air got us sorted with some major air cooling that didn't leave us bankrupt. Quick, affordable and informed are the 3 words we'd use to sum-up their service. We'd certainly recommend them if tempers are running hot in your business.
